WIN 2022 Recap

The 14th annual Women in the North Conference was another great success! This year, the format was a bit different as we took the show on the road. Our pit stops included Peace River, Manning, Valleyview, Fairview and Spirit River. Registrants exceeded over 180 participants! Everywhere we went we received warm welcomes and a resounding request to return next year. The days were abuzz with the high energy of Dr. Emily Marshall and vital information from Leann Hackman-Carty. Our talk show panelists were astounding in the wisdom and stories they shared and smiles shone everywhere.

If you couldn't make it this year be sure to mark it on your calendars for 2023!

About Us!

Community Futures Peace Country is a community driven, non-profit organization staffed by business professionals and guided by a volunteer Board of Directors. We provide a wide range of small business services and business management tools for people wanting to start, expand, franchise or sell a business. We also run a number of specialized business programs, organize exciting business events, and actively work with community and business leaders to foster rural economic growth.

Supported in Alberta by Prairies Economic Development Canada, Community Futures has been supporting small business and rural economic diversification since 1986. Community Futures has established 90 Community Futures organizations throughout rural Western Canada, including 27 offices in Alberta.

Given the importance of small business to Canada's changing economy, one of the primary focuses of the CFs is to foster entrepreneurial development by providing both financial and technical support to new and existing small businesses.

Stay up to date on upcoming programs, news and events!
